

1 June 2020

Dear Member

Significant Event Notice

Diversa Trustees Limited, as LESF Super's Trustee, are writing to provide you with important information about the Trustees decision to transfer your member account to Smartsave 'Member's Choice' Superannuation Master Plan ABN 43 905 581 638 'Smartsave', and the continuation of your benefits as a member of GROW Super. This letter contains important information about the upcoming transfer. This letter should be read in conjunction with our letter emailed to you in early May 2020.

The Trustee has decided it is in the members' best interests to make the change to create a stronger, larger fund structure that will be better placed to help provide economies of scale into the future.

What will happen to my super account?

Your GROW Super member account will be transferred into Smartsave via successor fund transfer (SFT). Your membership in GROW Super remains unchanged, with your member account being held in a sub plan of Smartsave.

The transfer process is anticipated to begin on 30 June 2020 and complete by the third week of July. After that, your member account balance will be held in the same Choice Investment Options of GROW Super that you hold now.

In order for a transfer to occur, the Trustee must be satisfied that your rights to benefits and features in the new fund are broadly equivalent to what you currently have. However, there are some key changes.

Are there any changes to my investment options compared to what I have now?

Choice investment options have no change to their current investment pools, strategic asset arrangements, administration fee or indirect cost ratio.

Will I still have access to other investment options?

Following the transfer, a summary of all of the investment options that are available in GROW Super will be available in the Product Disclosure Statement and Guides, available at growsuper.com.

Will my super account be impacted during the transfer stage?

During the successor fund transfer process (commencing from 30 June 2020 and to complete by 16 July 2020), there will be a pause in processing, where you will be unable to transact on your account. Any contributions received after 30 June 2020 will be deposited to your account once the transfer is completed. This timing may be subject to change, however if there are any delays, you will be informed of the changed timing.

This pause in processing **does not apply** to any early release of super withdrawals due to COVID-19. These will be facilitated as a priority throughout the transition period for any member who needs it. COVID-19 early release of super withdrawals will be processed as follows:

- Partial withdrawals where your member account balance is greater than \$11,500 will be paid in full upon receipt of the ATO determination,
- Partial withdrawals where your member account balance is between \$10,000 and \$11,500 will be paid in 2 instalments. 80% will be paid upon receipt of the ATO determination, then the remainder up to your approved amount upon completion of the successor fund transfer and the 16 July unit price is available, or
- Withdrawals which will close your member account, and where your balance is less than \$10,000 will be paid in 2 instalments. 80% upon receipt of the ATO determination, then the balance upon completion of the successor fund transfer when the 16 July unit price is available.

Do I need to do anything?

The transition of your super account to the new fund structure doesn't require any action on your part **unless** you have a binding, non-binding or non-lapsing death nomination in place.

If you have one in place, you must make a new nomination as a member of GROW Super, after it becomes a sub plan of Smartsave. Forms are available to help you do this on the Fund website growsuper.com, or by emailing grow@growsuper.com.

Making contributions

If you plan on making personal contributions from 1 July 2020, you will need to use the new banking details below:
